

# *Rooms to View* HOUSE & GARDEN TOUR

## Welcome to Rooms to View 2025!

We are thrilled to present an expanded Rooms to View House & Garden Tour of exciting homes and historic sites reflecting four centuries of architecture, style and design. Our 2025 lineup includes residences constructed from the 18th through the 21st centuries across diverse architectural styles.

The daily life of Bethlehem's Moravian neighbors comes to life on two of this year's stops — Knauss Homestead and 1803 House. These historic sites reflect Bethlehem's connection to the early Moravian settlement in Emmaus. The properties do not maintain regular public hours, so enjoy this exclusive opportunity to visit as part of Rooms to View.

Be sure to include a stop at Burnside Plantation on your itinerary! Stop in at the special "Art in the Barn" pop-up shop featuring original art for sale from Lehigh Art Alliance Members and Lemon & Lavender cookies from the Back Door Bake Shop. Visit with the 18th century cook in the Summer Kitchen as she prepares a seasonal meal fit for the Burnside family, chat with the Burnside Gardeners and tour the historic farmhouse.
